VIJAY KUMAR

Full Stack Developer

😉 jwvijaykumar@gmail.com 🧔 +91 8054975142 in LinkedIn 🚸 GitHub

SKILLS

Frontend: JavaScript, React JS, HTML5, CSS, Tailwind CSS, Redux for state Management

· Backend: Node JS, Express JS, RESTful API Development, PHP

Databases: MySQL, Postgres, MongoDB

· Tools: Git, GitHub, Jira

• Others: Operating System, DBMS, Object Oriented Programming

WORK EXPERIENCE:

Kochar Infotech

Software Developer | 2 May 2022 - Present

- Designed multiple dynamic and browser compatible page using HTML5, CSS & tailwind CSS, JavaScript (React, Redux)
- · Designed and developed reusable dynamic components in React.js, improving development efficiency and reducing module creation time by 40%
- Implemented responsive web design using CSS and tailwind CSS frameworks to ensure the application worked seamlessly across various devices and screen sizes.
- Collaborated with a team of 5 members to successfully migrate a full application from Cake PHP (PHP-based framework) to the MERN stack, ensuring seamless transition and enhanced performance.
- Over 3 years of experience in full-stack development, including around 8 months working with PHP, JavaScript, HTML, CSS, jQuery, and MySQL, followed by 1+ years specializing in Node.js and Express is for backend development, and 1.5 years working with React is for frontend development.
- Proficient in troubleshooting and debugging existing web applications.

PERSONAL PROJECTS:

Contact & Notes Sharing

- Developed a full-stack MERN application allowing users to register, create, and manage personal notes, with CRUD operations (Create, Read, Update, Delete)
- implemented via RESTful APIs. Implemented user authentication using JWT tokens for secure login and registration, enabling personalized experiences and secure note management.
- Designed and integrated a note-sharing feature that allows users to collaborate by sharing notes across multiple users' accounts

EDUCATION:

20218- 2021 | Guru Nanak Dev University

Completed a 3 Years Bachelor of Computer Science Course
