I have over 1+ year of experience in front-end development . I'm 23 years old and I live in Amritsar. Currently, I work as a Jr. Engineer in Kochar Tech.

- HTML
- CSS
- Javascript
- React js
- Bootstrap 4
- Git/Github
- PHP
- SQL

KocharTech/ Jr.Enginner
May 2022 - Present, Amritsar

- Developed a single handedly end to end application for the client in order to manage their data which includes **React js** as front end, **PHP** for backend and databases used as **MySQL.**

- Work upon a HRMS project where I got the responsibility to resolve existing bugs and write the reusable component and write down CSS to make it more user interactive.

Kochar Tech / Internship
Nov, 2021-April 2022, Amritsar

- Polished PHP and MySQL Skills
- Learned about CSS flexbox and grid write custom CSS to make application responsive
- Learn about git and github to work collaboratively with the team.

G.N.D.U College Verka/ Bachelor of Computer Application
